

ENGINEERING

Energy & Sustainability

Technical solutions wanted!

Wind Power

Rotor
Gearbox
Installation / Maintenance

Net Integration / Energy Storage
(Off-Grid-Solution)
Small Wind Power Stations

Automotive

Electric Mobility
New Materials
Automotive Headlamp

Automation / Process Technology

New Materials
Sensors

Domestic Engineering

Energy Monitoring
Smart Metering
Security
Climate / Ventilation

Production / Tool Technology

Sensors
Process
Functional Coatings
Tribological Optimisation

Technology Fields

Chemistry / Food

Medical Technology

Renewable Energy

Engineering / Automotive

Biotechnology / Pharma

Industrial Technology

(Flow) Sensors
Security
Climate / Ventilation +
Heat Recovery
Efficient Engines

Lighting Engineering

Ambient Lighting
Street Lighting
Adaptive Lighting Systems
High Power
Energy Saving Lighting Solutions

Fuel Cells

Mobile, stationary
High Temperature

Clean Technology

Water Treatment
(Drinking Water Purification,
Desalination)

IP Bewertungs AG (IPB)

Stephansplatz 10
20354 Hamburg
